

## FIRE PROCEDURES

## **Birmingham Gymnastics Academy**

## On discovery of a fire, however small, an immediate decision must be made CAN YOU EXTINGUISH IT IMMEDIATELY?

- 1. Alert all of the participants. Ensure you know where the extinguishers are located.
- 2. Immediately escort all participants out of the fire doors turning left onto the playing fields towards the football pavilion and away from the building.
- 3. Ensure that a register of all participants is checked against evacuees.
- 4. Ask for any cars parked in-front of and around the building to be moved to the opposite end of the car park, thus leaving a clear tract for any emergency services.
- 5. It is probable that assistance has arrived at the scene at this time. Another member of staff (or failing that, a member of the public) should be sent to report the location, nature and extent of the fire, plus any known casualties.
- 6. Stay in the vicinity of the fire (without taking personal risk) to prevent the public straying into the area, until instructed to do otherwise.
- 7. Tackle the fire only if you are confident you can do so safely and effectively with the appliances provided.

NEVER RISK YOUR OWN SAFETY. IF YOU FEEL THAT THE AREA HAS BECOME TOO DANGEROUS TO ENTER- GET HELP - DO NOT ENTER.
